## **Electronic Statement, Disclosure and Notice Authorization**

You have the right to receive paper copies of your periodic statements, disclosures, and notices for your accounts. By clicking the “Accept eStatements” button below, you are requesting that we make all periodic statements, disclosures and notices available for your accounts in electronic form rather than in paper form. You may withdraw your consent for the provision of electronic statements, disclosures and notices at any time by following the procedure described below.

**By clicking on the “Accept eStatements” button below, you agree that you have read, consent to and agree to each of the statements below:**

- You elect to receive your Telhio Credit Union account periodic statements, disclosures and notices in an electronic format. When you make this election, paper statements, disclosures and notices will no longer be sent to you. At any time, you may choose to discontinue receiving electronic statements, disclosures and notices and instead receive paper statements, disclosures and notices by logging into Online Banking, hover mouse over Accounts, and click eStatements Opt-Out. There may be fees associated with any paper statements, disclosures or notices issued following such a discontinuation, consistent with our Fee Schedule.
- You will provide us with and maintain in our records a valid and functional e-mail address through which we may contact you regarding your periodic statements, disclosures and notices. It is your responsibility to contact Telhio Credit Union as required in order to maintain a valid and active e-mail address in our records so that you are able to receive communications from us regarding your electronic statements, disclosures and notices. You may update your e-mail address in online banking or by contacting the Service Center. Please note the e-mail address you may set up in online banking for Alerts is not the e-mail address used by Telhio Credit Union to send your electronic periodic statements, disclosures and notices. The e-mail address set up in Alerts is used only for the limited purpose of sending Alerts.
- A valid e-mail address must be on record for electronic statements, disclosures and notices. If the e-mail address we have on record for you is not valid, we may switch you to paper statements, disclosures and notices. There may be fees associated with any paper statements, disclosures or notices issued following such a switch, consistent with our Fee Schedule.

- If a paper statement, disclosure or notice is needed or desired, you may: use the pdf download option within online banking, or call the Contact Center at Telhio Credit Union at the phone number or e-mail address listed below. There is a fee when requesting a copy from the Contact Center. Please note that a fee may be assessed for each paper statement, disclosure or notice in accordance with our Fee Schedule. We will deduct any fees from your account.
